CERTIFICATE IN FIXED INCOME TRADING AND SALES (CFITS)

The Certificate in Fixed Income Trading and Sales (CFITS) jointly offered by the National Institute of Securities Markets (NISM) and Moody's Analytics is an internationally recognised certification that provides the knowledge and skills required to enter into and progress in a variety of roles that employ fixed income securities. With the CFITS in hand, individuals will be recognised for their specialised knowledge and qualifications in the basic and advanced concepts, practices and applications of fixed income whether as an investor, analyst, issuer, trader or salesperson.

The CFITS programme has been designed to provide a learning experience which is both comprehensive and efficient. The learning approach includes the following features:

- › Consists of two eLearning courses that can be purchased one at a time or as a bundle
- › The eLearning courses consist of a wide variety of fixed income topics including organisation of the fixed income market place, yield and duration calculations, trading strategies, credit rating techniques, high-yield bonds, securitisation and fixed income hedge strategies
- › Provides recognition for each course following completion of the course's online test, through the issuance of the notice of completion
- › Covers international fixed income concepts, practices and applications while providing an Indian context
- › Course Materials can be easily accessed and studied through mobile devices
- › Final proctored exam will be offered to those who have completed the eLearning courses and will be focused on application of knowledge
